Chief

STATE OF WASHINGTON  
WASHINGTON STATE PATROL  
WASHINGTON STATE TOXICOLOGY LABORATORY

2203 Airport Way South, Suite 360 • Seattle, Washington 98134-2027 • (206) 262-6100 • FAX (206) 262-6145

May 5, 2022

In order to request additional external testing for the presence of methamphetamine, please complete the **Request for External Methamphetamine Testing** Form (available at the Toxicology Laboratory Division Website: <http://www.wsp.wa.gov/forensics/toxicology.htm>). Please send completed forms to [toxlab@wsp.wa.gov](mailto:toxlab@wsp.wa.gov) with the subject line: *Request for external methamphetamine testing*.

If your request is approved, the Washington State Patrol (WSP) Toxicology Laboratory will send the evidence to an external laboratory for additional confirmation testing of methamphetamine. The external testing provider is located outside of Washington State.

Upon the completion of external testing, the external laboratory will issue a report and submit a report to the WSP Toxicology Laboratory Division. This report will be emailed to the requestor's email address on the completed request form. No additional report will be issued by the WSP Toxicology Laboratory. Please note that evidence is not routinely shipped back to the WSP Toxicology Laboratory Division from the external laboratory.
