Fire Sprinkler Systems – Plan Review & Acceptance Testing for AHJs 1 Day/8 Hours

Course Synopsis:

The approval of fire sprinkler systems includes a review of the design documents and an onsite verification of the completed system. This course is geared toward the AHJ and takes attendees through a step-by-step review of fire sprinkler working drawings, the accompanying hydraulic calculations, and the requirements for acceptance testing of the system. This course utilizes the requirements found in NFPA 13 and 13R. Attendees will work with an actual fire sprinkler working plan and the accompanying hydraulic calculations.

Audience: Certificate of Competency Holders, AHJs

Instructor: Fire Smarts, LLC

Recommended NFPA Standard: 2013 NFPA 13 and 13R (copies will not be provided)
