A state license is required, along with a local permit, to operate a fireworks stand in Washington. The Washington State Fire Marshal’s Office issued licenses for 538 retail fireworks stands in 2022; this number is down slightly from last year’s total of 607.

The SFMO encourages those who purchase fireworks this year to enjoy them safely, and gather in compliance with public health guidelines within their individual counties. A number of cities and counties have restricted or banned the sale and discharge of fireworks, while others have modified the type of fireworks that can be purchased. Always be sure to check with your local jurisdiction before purchasing or discharging fireworks.
