State Fire Mobilization Authorized for the Montesano Health and Rehabilitation Center Fire

Grays Harbor County – State fire assistance has been mobilized under the Washington State Fire Services Resource Mobilization Plan in support of local firefighters working to assist evacuation efforts at the Montesano Health and Rehabilitation Center Fire, in the city of Montesano. Washington State Patrol Chief John Batiste authorized the mobilization of state firefighting resources on September 14, 2022, at 8:00 p.m. at the request of Chief Brett Vance, Montesano Police and Fire Departments.

The Montesano Health and Rehabilitation Center Fire started on September 14, 2022 and fire resources were dispatched at 5:30 p.m. Eighty residents required evacuation and are in need of emergency transport to other facilities. The fire cause is currently under investigation.

The State Emergency Operations Center at Camp Murray remains activated to Level 2 to help coordinate state assistance for the Montesano Health and Rehabilitation Center Fire. Mobilization specialists from the State Fire Marshal's Office, Fire Protection Bureau are both en route to the scene and working remotely to coordinate the dispatch of resources.

Under the State Fire Services Resource Mobilization Plan, the Fire Protection Bureau coordinates the initial dispatch and continued administrative oversight of resources and personnel for the duration of the mobilization. The Mobilization Plan is implemented to provide a process to quickly notify, assemble and deploy fire service personnel, equipment and other resources from around the state when fires, disasters or other events exceed the capacity of local jurisdictions. More information about the Washington State Fire Services Resource Mobilization Plan is available at: <http://www.wsp.wa.gov/all-risk-mobilization/>.

###

The State Fire Marshal's Office is a Bureau of the Washington State Patrol, providing fire and life safety services to the citizens of Washington State. These services include public education, licensing and certification of the fire sprinkler, fireworks, and cigarette industries, data collection and analysis, fire and life safety inspections for state facilities, plan review of school construction projects, all-risk mobilization of statewide fire service resources, hazardous materials training, and the training and certification of firefighters.
