**State Fire Mobilization Authorized for the Matson Fire**

Asotin County – State fire assistance has been mobilized under the Washington State Fire Services Resource Mobilization Plan in support of local firefighters working to contain the Matson Fire located in Asotin County, near the town of Anatone. Washington State Patrol Chief John Batiste authorized the mobilization of state firefighting resources on June 24, 2023 at 2:15 p.m. at the request of Fire Chief Chad Sanford, Blue Mountain Fire District 1.

The Matson Fire started on June 24, 2023, at approximately 10:25 a.m. This fire is estimated at 1,000 acres and growing. It is burning in grass and crops and is threatening approximately 20 homes, water supply, and livestock. No evacuations are in effect at this time. The fire cause is currently under investigation.

The State Emergency Operations Center at Camp Murray remains activated at Level 3 to help coordinate state assistance for the Matson Fire. Mobilization specialists from the Fire Protection Bureau have ordered air resources only at this time. State Fire Marshal's Office personnel are working remotely to coordinate the dispatch of resources.

Under the State Fire Services Resource Mobilization Plan, the Fire Protection Bureau coordinates the initial dispatch and continued administrative oversight of resources and personnel for the duration of the mobilization. The Mobilization Plan is implemented to provide a process to quickly notify, assemble and deploy fire service personnel, equipment and other resources from around the state when fires, disasters or other events exceed the capacity of local jurisdictions. More information about the Washington State Fire Services Resource Mobilization Plan is available at: <http://www.wsp.wa.gov/all-risk-mobilization/>.

###

The State Fire Marshal's Office is a Bureau of the Washington State Patrol, providing fire and life safety services to the citizens of Washington State. These services include public education, licensing and certification of the fire sprinkler, fireworks, and cigarette industries, data collection and analysis, fire and life safety inspections for state facilities, plan review of school construction projects, all-risk mobilization of statewide fire service resources, hazardous materials training, and the training and certification of firefighters.
