Subject: Vehicle File Converting to NIEM XML

Hello,

We will be converting the Vehicle File to NIEM XML on July 6, 2023 between 8AM-9:30AM.

What is happening?

The Vehicle File will be converted to NIEM XML. Users will not notice a difference. The following Vehicle Message Keys (MKE) will be converted:

- QV – Query Vehicle
- EV – Entry Vehicle
- MV – Modify Vehicle
- LV – Locate Vehicle
- CV – Clear Vehicle
- XV – Cancel Vehicle

For more detailed information on MKE's please refer to our [ACCESS Operations Manual – Chapter 31 Vehicle File](#).

Will there be a downtime?

There will not be a downtime however there may be a slight delay in Vehicle responses during this time.

What do I need to do?

Your agency does not need to do anything. A few vendors/agencies have tested and confirmed functionality.

What if I have issues with querying or entering a vehicle record?

If you notice anomalies please report to our IT Department via email ITDHelp@wsp.wa.gov.

Thank you,

Violeta Navarro
