

2022 ACCESS USER FEES

ACCESS user fees are based on the number of transactions sent by agency ACCESS terminal(s). The fees designated in the matrix are reflective of the latest fee study conducted by the Washington State Patrol Budget and Fiscal Services. In most instances, until a transaction history has been established, the minimum fee will be charged to new agencies connecting to the ACCESS network.

If you have additional questions regarding the billing structure (based on RCW 43.89.010) please contact the ACCESS Section Manager, Mr. Wesley Vradenburg, at (360) 534 2103.

The table below reflects the monthly rate scale as of **July 1, 2020**.
