

Goal #1: The Washington State Patrol will facilitate the testing of each sexual assault evidence kit that was previously unsubmitted to the crime laboratory by December 1, 2021.

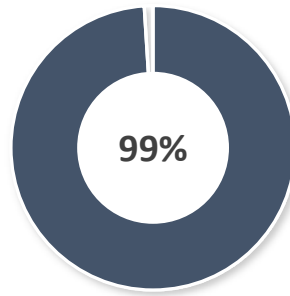

Data as of 1/31/2024:

Phase 1: Facilitate Outsourcing

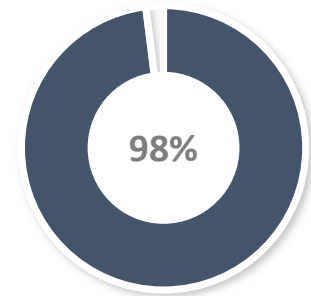

As of 1/31/24, 9,563 SAKs have been shipped to and received by one of 3 vendor labs.

Any additional kits received will be outsourced as they come in.

Phase 2: Test

As of 1/31/24, 9,506 SAKs have been tested by the vendor labs and WSP now has a copy of the results and their lab report for review. The results then need to be reviewed by WSP, and if eligible, uploaded into CODIS.

Phase 3: Review

As of 1/31/24, 9,413 SAKs have had their test results reviewed by WSP and any eligible DNA profiles have been uploaded to CODIS. 3,716 DNA profiles have been uploaded, resulting in 1,436 hits to individuals, and 309 hits to another case.
