

Additional Activity – Assignments for Practice Teaching

Identification Of Teaching Assignments – Hand out Student-Instructor Assignment Sheet located in the Appendices.

Discuss classroom assignments (Classroom A, B, C, etc.). Student-instructors will work in a particular classroom for all teaching assignments. Inform the participants of the locations of the various classrooms. Each classroom will be fully equipped with audio-visuals, participant handout materials, etc.

Discuss sessions and segments. Each student-instructor has one or more teaching assignments. Instruct the participants to identify their personal assignments and to “highlight” those Sessions and Segments using a yellow marker.

All assignments are team-teaching assignments. Participants must get together with their partners to decide how they will “divide up” the teaching responsibilities for each Session and Segment.

Supply participants with the presentation evaluation forms containing the performance indicators that will be evaluated (See Appendices in Administrator Guide).

Repeat repetition exercise from Session 3E.
