Subject: 2025-IDS-02, Incorrect Certification Date on Breath Test Instrument ARAH-0090

On July 29, 2025, the Washington State Patrol, Impaired Driving Section (IDS) identified a breath testing instrument deployed for use in the field without a QAP certification date being set. The certification date was not set correctly in conjunction with the Quality Assurance Procedure performed on December 4, 2020. The instrument, identified as ARAH-0090, was deployed from December 4, 2020, and December 2, 2021.

The Impaired Driving Section has identified 49 breath tests where the breath test document will have the incorrect Date of Last QAP. This does not affect the analytical process of the breath test instrument nor the resulting breath alcohol concentrations on the breath test document. The instrument was in service at the Mill Creek PD, located at 15728 Main Street.

Attached is a discovery report showing all affected breath tests.

If you need additional information, please contact Lieutenant Jeffrey Leonard at Jeffrey.Leonard@wsp.wa.gov.

Sincerely,
