Critical Incident – Update #10 IFIT-KC Officer Involved Shooting

Bellevue, Wash. – The Independent Force Investigation Team – King County (IFIT-KC) is investigating an Officer-Involved shooting that occurred on August 8, 2025 in Bellevue, Wash.

The investigation remains ongoing, and no additional details are available at this time. Investigators are currently awaiting the results of several laboratory tests and have no further investigatory avenues to pursue until those results are received. Unless new developments arise in the investigation, no additional press releases will be issued until we receive updated information relevant to the case for public dissemination.

Investigation and Process:

This update is required in compliance with WAC 139-12, which mandates weekly updates be sent out by the lead investigative agency in investigations where a Washington State Peace Officer uses deadly force in the capacity of his or her law enforcement duties. These updates are required even if no new information is available at the time of the update.

With the passage of Washington State Initiative 940 in 2018, and Substitute House Bill 1064 in 2019, incidents where the use of deadly force by a peace officer results in death, substantial bodily harm, or great bodily harm require an independent investigation. This investigation must be conducted in the same manner as a criminal investigation and state law now requires an “independent investigation” completely independent of the involved agency.

Per WAC 139-12, the IIT is unable to release any criminal history related to the individual, which includes the circumstances surrounding the initial contact, which prompted the law enforcement response. This information can only be released if specifically requested by the media, and is able to be released consistent with the Public Records Act Chapter 42.56 RCW.

Weekly updates will be provided as the investigation continues. The policies and operating procedures of the IIT are available to the public at: <https://www.wsp.wa.gov/independent-investigation-team/>.
