Suspect Arrested For A Drive By Shooting On SR 900

King County: At approximately 5:00am on July 22, 2026, Washington State Patrol (WSP) communications received a 9-1-1 call from a victim advising that they were just shot at by the driver of another vehicle on SR 900 near the May Valley Road.

The victim advised they were not injured and were standing by for contact in the May Valley Alliance Church parking lot.

Once troopers contacted, they observed the back window was shattered and the bullet fragment lodged in the headrest of the front passenger seat. A bullet casing was also found in the area where the shooting occurred.

The victim stated he was traveling eastbound on SR 900 near Duvall Ave NE when a light-colored vehicle approached him from behind at a high rate where two lanes merged into one but was unable to pass. The vehicle followed at a very close distance and as it was turning onto 164th Ave SE the victim heard one shot and the back window shattered. The victim could not get a license plate or see the driver but described some details about the vehicle that would make it stand out.

WSP detectives surveilled the area at the same time of day and were able to identify a potential suspect vehicle and where the driver worked. Through extensive investigation and the use of a search warrant for video footage they were able to establish probable cause to arrest the driver of the vehicle.

On August 7, 2026, at approximately 1:30pm, the WSP SWAT team made a high-risk traffic stop as the individual was leaving work and took the driver into custody without incident.

The suspect was identified as 29-year-old Anthony K. Robino Jr. The suspect was subsequently booked into the King County Jail for investigation of Drive By Shooting and Assault 2nd.

A search warrant was served on the vehicle and a 9mm Canik 55 handgun was discovered in the center console. This will be tested to confirm it was the weapon used in the drive by shooting.

Persistence and great investigative work led to the suspect being arrested. Thankfully no injuries were sustained. Great work detectives!
